137 YEARS OF EXCELLENCE

Shorter University has a rich history of providing students with a quality education in an intentionally Christian atmosphere. Shorter University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate, baccalaureate and master’s degrees.

OUR MISSION  The Mission of Shorter University is to provide quality higher education, enabling and encouraging student commitment to active, life-long learning; personal spiritual values; responsible citizenship; and community and societal leadership in a global context.

The University seeks to accomplish this Mission through quality undergraduate liberal arts programs, specialized professional programs, and select graduate programs.

Geographically distant locations and online classes provide educational opportunities to individuals who are unable to attend classes in a traditional setting. The University affirms a commitment to the Christian faith and strives to integrate Christian values within a nurturing community in its whole process of education.
The sport industry is today worth over $200 billion annually and is one of the largest, fastest-growing industries in the United States. Careers in the industry are highly diverse and can span many business segments. There is also growing competition for the best jobs, and as the industry continues to evolve and grow, so does the need for individuals with professional sport management qualifications.

The Bachelor of Business Administration in Sport Management at Shorter University focuses on the preparation of professionals qualified to lead and manage a wide variety of sport-related organizations. It provides them with the comprehensive business skills and the in-depth understanding of the sport industry that they will need to compete. Students examine a broad base of the business of sport, from the history of sport to current issues for today’s society. It is our goal to provide students with solid career decisions while developing their skills and interests.

The program’s strengths include:

- A curriculum with a strong business emphasis.
- Experienced faculty who bring a wealth of first-hand know-how to the class.
- Coursework that combines both theory and practice with an emphasis on the practical skills the graduate will need for success in the sport industry.
- Opportunities for internships to provide students with hands-on experience in the field.
- A diverse student population representing a variety of geographical, cultural, educational, and professional backgrounds.

You’re in charge of your future!
